

## Central Boiler Honors Mainline Heating & Supply Inc.

Ashford, CT - Central Boiler honored Mainline Heating & Supply with a Gold Sales Achievement Award. They also received Central Boiler's highest sales honor, the prestigious Grand Achievement Award, that recognizes elite dealers that have achieved 1,000 furnace sales. Scott Bradley received the awards at a banquet during the 2010 Central Boiler Dealer

Convention held in Fort Wayne, Indiana in June. More than 500 dealers and guests were present.

Central Boiler is the leading manufacturer of outdoor furnaces. The company's products are designed to provide inexpensive or free heat for homes, hot water and more using safe, clean and renewable energy resources. Central Boiler awards its top dealers of the nation each year and then presents the awards at its bi-annual dealer convention.

These awards are based on sales levels, but as Central Boiler CEO and owner, Dennis Brazier, pointed out, "No one reaches these kind of sales levels without effective business practices, planning and customer satisfaction. These dealers are committed to excelling in all of these areas."

For more information about Central Boiler outdoor furnaces, visit Mainline Heating & Supply at 591 Ference Road in Ashford, CT or call 860-429-9663.
